Experienced Control Panel Fitter

Description

We are looking for an experienced control panel fitter/wire person to join our team. You will need to have experience in the assembling and wiring of BMS/HVAC switch gear, control panels and outstations.

The role will require

- Experience as a control panel fitter/wire person
- Ability to read and understand wiring diagrams and drawings
- Backplate layout, fitting of trunking and components
- Layout, drilling and punching doors
- Install of mains and control wiring
- Working to a high standard with a high level of accuracy

This is predominantly a workshop based position located at our workshops in Farnborough Kent with the possibility of site based work when required.

This is a permanent position with a 40-hour basic working week + overtime at 1.5x. 28 days annual leave inclusive of bank holidays.

Driving licence and CSCS card holder preferred.

Hartley and Dark Electric have been established since 1964 as a control panel builder and electrical installer. We have an extremely low turnover of staff and provide a safe and comfortable working environment for all our employees.

Apply with a current detailed CV stating relevant experience, current/previous employment and references.

Junior/trainee would be considered at a lower rate if they can demonstrate the aptitude and ability to learn the required skills for the position.
